"Using the chemicals and a standard nit comb daily didn't solve the problem for our family, then I got the Nitty Gritty comb from NitfreeNZ and we got rid of them in one go! I would highly recommend this chemical free, instant relief nit comb". Gabe

"I can't sing your praises highly enough! The Nitty Gritty Nitfree Comb is fantastic. We've had our first dose of head lice in my 7 and 3 year old and **after one thorough comb through with the Nitty Gritty I haven't found a single louse since** – brilliant. It takes away the pain in the neck of head lice. Thank you. I am recommending you to everyone". Kate.
